BUSINESS BEACON
GENERAL TRADING

COMPANY PROFILE

GENERAL TRADING • INDUSTRIAL RAW MATERIALS • AGGREGATES & SAND • TIRES • LOGISTICS

Established in 2002
Jebel Ali Industrial Area 1 • Dubai, UAE

1. COMPANY OVERVIEW

Business Beacon General Trading is a UAE-based general trading company established in 2002, serving industrial, construction and commercial customers through the supply of essential raw materials and products. Our business has evolved from a strong foundation in tire trading and distribution into a broader trading and supply operation focused on construction aggregates, industrial raw materials, cement industry inputs, tires and reliable delivery solutions.

Our strength is our ability to connect reliable sources with end users and deliver materials directly to customers using our own transportation fleet. This integrated approach enables us to support customers with responsive supply, competitive commercial solutions and dependable delivery.

2. OUR CORE BUSINESS ACTIVITIES

Construction Aggregates	Supply and trading of aggregates for concrete, construction and infrastructure applications, including Gabbro and Limestone in different sizes and specifications.
Sand & Fine Materials	Trading and supply of different types and grades of sand, selected according to project requirements and intended application.
Cement Industry Raw Materials	Supply and trading of key materials used by cement plants, including gypsum, clinker and other industrial raw materials, subject to customer specifications.
Tire Trading	Trading and supply of tires in a wide range of sizes, patterns and applications, including passenger, commercial, truck and off-road segments.
Transportation & Delivery	Direct delivery of traded materials to customers through our company-owned trucks, supporting efficient movement from source to destination.

3. PRODUCT PORTFOLIO

A. Aggregates for Concrete & Construction

We trade and supply construction aggregates used in ready-mix concrete, batching plants, infrastructure and general construction applications.

- Gabbro aggregates – available in multiple sizes according to customer and project requirements.
- Limestone aggregates – supplied in different grades and sizes for suitable construction applications.
- Other aggregate specifications – sourced according to project requirements and availability.

B. Sand & Related Materials

We supply different types, grades and sizes of sand for concrete, construction and other industrial uses, with specifications aligned to customer requirements.

C. Cement Plant Raw Materials

Our trading activities include raw materials required by cement manufacturers and related industrial operations, including:

- Gypsum
- Clinker
- Other cement and industrial raw materials based on customer specifications

D. Tires

Our tire trading business covers a broad range of applications and sizes, supporting passenger vehicles, commercial vehicles, trucks and off-road equipment.

4. SUPPLY CHAIN & LOGISTICS

Business Beacon General Trading provides an integrated trading and delivery solution. We coordinate sourcing, commercial supply and transportation to move materials from suppliers and production sites to customer locations.

Our logistics capability is designed around:

- Direct delivery to customer sites using company-owned trucks.
- Coordination of loading, transportation and unloading requirements.
- Flexible supply arrangements based on customer demand and project schedules.
- Practical focus on delivery reliability, communication and cost efficiency.

5. WHY BUSINESS BEACON

Integrated Trading & Delivery — We combine material sourcing and trading with our own transportation capability.

Industrial Market Knowledge — Our experience enables us to understand the requirements of construction and cement-related customers.

Broad Product Coverage — We can support customers across aggregates, sand, cement raw materials and tires.

Customer-Focused Service — We aim to provide responsive communication, dependable supply and commercially competitive solutions.

Long-Term Relationships — We value lasting relationships with suppliers, customers and business partners.

6. VISION & BUSINESS DIRECTION

Our vision is to develop Business Beacon General Trading into a trusted and professionally managed trading partner for construction, infrastructure, cement manufacturing and commercial customers in the UAE and regional markets.

We seek to grow through dependable sourcing, efficient logistics, strong customer relationships and disciplined commercial execution, while continuously expanding the range of products and services that create value for our customers.

7. OUR COMMITMENT

We are committed to supplying products that meet agreed customer specifications and to delivering them safely, efficiently and on time. We believe that our success is built on the success of our customers and on the trust developed through consistent service.
